

## GF-911

Motor power	800W	Drive manner	Rear wheel drive
Motor type	Brushless hub motor//hub size:10"	Max climbing capacity	12 degrees
Max speed	30km/h	Brake type	Front: disc rear: drum
Battery	60V20ah lead-acid power battery /lithium battery available	Loading capacity	80kgs
Rated voltage	110/220/240V	Dimension	172×68×107cm
Controller power	60V12tube30a	Tire specification	3.0-10 inch
Range per charge	60km	Shock absorption system	Hydraulic pressure, spring
Battery life span	Over 12 months	G.w	126kg
Charging time	6-8h	N.w	111kg
